

EDAROTH Home Unveil

In February, we officially unveiled our first new housing development in Lambeth. The Hillside Gardens site was previously occupied by a derelict garage block but now adds four new homes to Lambeth council's housing stock.

Cllr Matthew Bennett, Cabinet Member for Planning, Investment and New Homes, said: "Lambeth council is committed to delivering a new generation of social housing in the borough to tackle Lambeth's housing crisis and support the thousands of families on our waiting list.

"I'm delighted to see the completion of this latest project which contributes to meeting that goal. The Hillside Gardens development demonstrates how, despite restrictions in funding, restrictions on council borrowing and challenges in the development market, the council is finding ways to provide much needed new family homes at council level rents."

We have been lucky enough to be able to retain one of the homes to use as a show home for the next 12 months and, whilst we are unable to arrange visits during this current period, if you would like to come and view our completed social housing scheme later in the year, please contact us at [hello@edaro**th**.co.uk](mailto:hello@edaroth.co.uk) to book your visit.
